

## CAREER PROFILE

Dedicated and efficient full stack developer with 4+ years experience in application layers, presentation layers, and databases. Certified in both Front-end and Back-end technologies. Having hands-on experience designing, developing, and implementing applications and solutions using a range of technologies and programming languages. Played major role with technologies like HTML, CSS, JavaScript, JQuery, Bootstrap, Materialize CSS, React, React Native, NodeJs, Strapi, EJS, Php Core, MongoDB, MySQL and MsSQL.

I prefer challenges that require me to work on projects in which I have to work outside my comfort zone and knowledge set. Learning new languages and development techniques are important for me as well as my organisations growth. I worked with AWS, Azure, Heroku, DigitalOcean and others cloud services skillfully.
